

All households to soon have clean cooking fuel, says Pradhan

RAMESH PATHANIA/MINT

Greater Noida (UP): After catapulting cooking gas coverage by about 40% in just 55 months, the centre will soon make available clean cooking fuel to all households, oil minister Dharmendra Pradhan said Sunday.

“The source of fuel will be liquefied petroleum gas (LPG) and gas from bio-mass and alternate sources,” Pradhan said at the Petrotech 2019 conference.
