

Navy to get 24 multi role helicopters

SPECIAL CORRESPONDENT

NEW DELHI

Ahead of the upcoming 2+2 talks with the U.S., the Defence Acquisition Council (DAC), which met on Saturday, cleared the procurement of 24 multi role helicopters (MRH) for the Navy. Overall, the Council approved procurement deals worth approximately ₹46,000 crore.

The 24 MRH will be procured from the U.S. under a government-to-government deal. The Navy had earlier selected the MH-60 MRH, but the deal fell through on the price.
