I want to ask those parents, I want to ask every parent that you have a daughter of 10 or 12 years age, you are always on the alert, every now and then you keep on asking where are you going, when would you come back, inform immediately after you reach. If somebody tells me that those who have taken guns on their shoulders and kill innocent people are maoists, are terrorists, but they are also somebody's children. I would like to ask of such parents if they had ever asked their children as to why they were taking a wrong path. Every parent must take this responsibility; he must know that his misguided son is bent on killing innocent people. He is not able to serve himself nor his family nor the country.

There was a time in Nepal when their youngsters had opted for the path of violence but today I witness that the same youngsters are waiting for their constitution. Quotes from PM's Speech on 15 August 2016

India is a very ancient nation. We have a history of thousands of years and our cultural heritage is also millennia old. Right from the Vedas to Vivekananda, from the Upanishads to the satellites, the Sudarshan Chakradhari Mohan to Charkhadhari Mohan, from the Bhim of Mahabharat to the Bhimrao; we have a long historical journey and heritage.

But, now we have to convert this freedom into 'the real freedom'. Now, this is the resolve of the one hundred and twenty-five crores of Indians. So, just as we did not attain our freedom without sacrifices; we would not be able to attain 'the real freedom' without renunciation, without human endeavour (Purusharth), without bravery, without dedication and discipline.

Be it a Panchayat or the Parliament, be it a village headman or the Prime minister; every one of us as well as every democratic institution will have to shoulder their responsibilities completely and perfectly. Only then we will be able to realize the dream of the real freedom as soon as possible.

At present, no aspersions are being leveled on the Government. Rather, people have great expectations from it. Expectations give pace towards good governance, invigorates and so the pledges are implemented ad continuum.

“

Today, the mood of the country has changed in 70 years. It does not get satisfied with the announcement, it is not satisfied by seeing the plan, if a budget provision is made, it is not ready to accept this. It is accepted when things get implemented on ground and we cannot bring things on ground with the old pace. We have to speed up our work, increase the pace further and then we can say that we have done something.

“

It is a great satisfaction to me that on one side, 14 crore gas connections were given in 60 years, while on the other side, we have given 4 crore gas connections in just 60 weeks. Please compare the two figures - 14 crore in 60 years and 4 crores in 60 weeks.

Whenever a citizen from the neighbouring countries would get freedom from poverty, we will feel elated regardless of the fact whether the poor belongs to us or our neighbouring country.

We should achieve something of substance for the nation. We should fulfil our responsibilities and also inspire others to accomplish their responsibilities. We should stride forward for building of one society, one dream, one resolution, one direction and one destination.
