

# Goyal: Coal India will continue to be one entity

**PRESS TRUST OF INDIA**  
MUMBAI, JUNE 10

UNION MINISTER Piyush Goyal on Saturday said state-run Coal India will continue to remain a single entity and will not be allowed to split further.

The government think-tank NITI Aayog has recently recommended breaking up of Coal India into various subsidiaries.

"It is not advisable and we are not taking up that recommendation at all. Coal India will continue to be one entity," Goyal said when asked about the Niti Aayog's recommendation of splitting the 'Maharatna' company.

Goyal, who is the minister of state for power, coal, new and renewable energy (independent charge) was speaking to reporters on the sidelines of an energy summit here on Saturday.
