

MANYAVAR celebrates 70 Years Of Independence with 'INDIA 70 Not Out'

August 2017: On the glorious occasion of India's 70 years of independence, Manyavar, presents India- 70 Not Out- a celebration of our journey and effort to revive the feeling of patriotism amongst all of us.

India 70 Not Out stars Virat Kohli, where he enthusiastically narrates to a group of children, India's milestones over the last 70 years. While on one hand it is a beautiful flashback of moments such as India winning the 1983 World Cup, India being crowned Miss Universe and Miss World, the enormous victory of The Kargil War and the proud recognition at The Oscars, it also reminds us of the gigantic hurdles that we've braved such as The Tsunami and The Gujarat Earthquake.
